

LENTECH A5

LENTECH™

Economical & Effective Polishing

Value and high-performance

Economical and effective, this single disc machine is perfect for thorough cleaning and polishing of hard surfaces.

Easy to handle and operate

Ergonomic handle that is easy to use and adjustable. 51kg weight ensures that there is effective and thorough cleaning of hard floor surfaces.

Robust satellite planetary gearbox

Ensures smooth operation and low maintenance costs due to reduced wear and tear, compared to belt drive.
